### QUESTION BOOKLET - PAPER-I

(Read carefully the instructions given in the Question Booklet)

**SUBJECTS : GENERAL KNOWLEDGE, EDUCATIONAL PSYCHOLOGY AND MENTAL ABILITY**

(This Question paper is Common for the Posts – Language Kannada, Language English, Language Hindi, Science, Mathematics, Social Science, Physical Education Teachers & Wardens)

**MAXIMUM MARKS : 100**

**MAXIMUM TIME : 2 HOURS**

**SUBJECT CODE **TW****

**9.00 a.m. To 11.00 a.m.**

(Including initial 10 minutes for filling O.M.R. Answer Sheet)

### INSTRUCTIONS TO THE CANDIDATES

1. The sealed Question Booklet containing **100** questions enclosed with O.M.R. Answer Sheet is given to you.
2. Open the question paper seal carefully and take out the enclosed O.M.R. Answer sheet outside the question booklet and fill up the general information from Sl. No. 1 to 7 of O.M.R. Answer Sheet. If you fail to fill up the details in the form of alphabet and signs as instructed, you will be personally responsible for consequences arising during scoring of your answer sheet.
3. Enter the Question Paper Booklet Sl. No. in the O.M.R. Answer Sheet at Sl. No. 4.
4. During the Examination :
  - (a) Read each question carefully.
  - (b) Select the correct answer out of the four choices given under each Question.
  - (c) Completely darken /shade the relevant oval against Question No. in the O.M.R. Answer Sheet. For example, in a question paper if Sl. No. 3 is correct answer for Question No. 20, then darken before Sl. No. 20 of OMR Answer Sheet using blue / black ball point pen as follows.

20. ① ② ● ④ (Only example)

5. Rough work should be done only on the blank space provided in the Question Booklet. Rough work should not be done on the O.M.R. Answer Sheet.
6. If more than one oval is darkened for a given question, such answer is treated as wrong and no mark will be given. See the example in O.M.R. Answer Sheet.
7. The candidate and the Room Supervisor should sign in the O.M.R. Sheet at specified place. Candidate has to put left hand thumb impression at specified place compulsorily.
8. Each of the candidate is given carbonless O.M.R. Sheet in duplicate. Candidate should return the original O.M.R. Answer Sheet to the Room Supervisor and retain carbon copy of the same with him after the Examination.
9. Calculator, pager and mobile phones are not allowed inside the examination hall.
10. **If a candidate is found committing malpractice, such a candidate shall not be considered for recruitment and action will be taken against such candidate as per rules.**

### INSTRUCTIONS TO FILL UP THE O.M.R. SHEET

1. There is only one correct answer for each question.
2. All entries in the oval must be made with **BLUE** or **BLACK** ball point pen only. Do not try to alter the entry.
3. Oval should be darkened completely so that the numeral inside the oval is not visible.
4. Do not make any stray marks on this sheet.
5. This is a carbonless Answer Sheet. There is no need to shade the second copy separately.

## ENGLISH VERSION

1. The main crops of Karnataka State are
  - (1) Banana, Coffee, Cotton, Mango, Rice
  - (2) Apple, Banana, Beetroot, Coffee, Fig
  - (3) Apple, Banana, Mango, Rice, Soyabean
  - (4) Custard Apple, Tomato, Orange, Mango, Rice
2. When there is a decrease in the concentration of oxygen in the blood of human being, the breathing rate
  - (1) first increases and then decreases
  - (2) decreases
  - (3) is not affected
  - (4) increases
3. Which is the latest new district formed in Karnataka State ?
 

|                     |                    |
|---------------------|--------------------|
| (1) Chamarajanagara | (2) Chickaballapur |
| (3) Ramanagara      | (4) Yadgir         |
4. To prevent water loss plants reduce transpiration by all the following, except
 

|                                    |                                 |
|------------------------------------|---------------------------------|
| (1) shedding leaves                | (2) reducing the size of leaves |
| (3) developing hair around stomata | (4) opening the stomata         |
5. The velocity of wind is measured by
 

|                 |                |
|-----------------|----------------|
| (1) Anemometer  | (2) Audiometer |
| (3) Speedometer | (4) Tachometer |
6. The type of root system of all the following plants is tap root system, except
 

|               |              |
|---------------|--------------|
| (1) Mango     | (2) Tamarind |
| (3) Jackfruit | (4) Maize    |
7. Which is the headquarters of International Court of Justice ?
 

|                 |              |
|-----------------|--------------|
| (1) Addis Ababa | (2) Bangkok  |
| (3) Hague       | (4) New York |
8. The law of natural selection is associated with
 

|            |            |
|------------|------------|
| (1) Dalton | (2) Darwin |
| (3) Kepler | (4) Mendel |
9. Which of the following cities of Karnataka have commercial airports ?
  - (1) Bangalore, Udupi, Gulbarga
  - (2) Bangalore, Mysore, Chitradurga
  - (3) Bangalore, Kolar, Mangalore
  - (4) Bangalore, Mangalore, Mysore

10. The player who was declared as the Man of the 2011 Cricket World Cup series is  
 (1) M.S. Dhoni (2) Sachin Tendulkar  
 (3) Yuvaraj Singh (4) Zaheer Khan
11. Recently, who went on hunger strike to force the Government of India to come out with Lok Pal Bill against corruption ?  
 (1) Baba Ramdev (2) Agnivesh  
 (3) K. Chandrashekar Rao (4) Anna Hazare
12. Which country is the largest producer of mango fruits in the world ?  
 (1) Brazil (2) China  
 (3) India (4) USA
13. The power house of a plant cell is  
 (1) Chloroplast (2) Golgi apparatus  
 (3) Mitochondria (4) Plastid
14. "Oscar Awards" are awarded for the excellence in which of the following fields ?  
 (1) Film (2) Journalism  
 (3) Social Service (4) Sports
15. For which of the following disciplines Nobel Prize is not awarded ?  
 (1) Physiology and Medicine  
 (2) Physics and Chemistry  
 (3) Literature, Peace and Economics  
 (4) Agriculture and Animal Husbandry
16. ICAR stands for  
 (1) International Council for Aviation Research  
 (2) Indian Council of Aerobic Research  
 (3) Institute of Company Affairs and Rating  
 (4) Indian Council of Agricultural Research
17. National Botanical Research Institute is located at  
 (1) Bangalore (2) Lucknow  
 (3) Ludhiana (4) Coimbatore

18. How many members are there in the Vidhana Sabha of Karnataka ?

- |         |         |
|---------|---------|
| (1) 212 | (2) 221 |
| (3) 224 | (4) 235 |

19. Leaves look green, because they

- (1) absorb only green light
- (2) absorb all colours of light and reflect green
- (3) no effect of light on leaves
- (4) reflect all colours of light

20. The members of Lok Sabha hold office for a term of

- |              |              |
|--------------|--------------|
| (1) 03 years | (2) 04 years |
| (3) 05 years | (4) 06 years |

21. Department of Agricultural Research and Education (DARE) of Government of India comes under the Ministry of

- (1) Agriculture
- (2) Commerce and Industry
- (3) Human Resource Development
- (4) Science and Technology

22. Who has won the Cricket World Cup 2011 ?

- |               |                 |
|---------------|-----------------|
| (1) Australia | (2) India       |
| (3) Sri Lanka | (4) New Zealand |

23. "*Romancing with Life*" is a book written by

- |                     |                |
|---------------------|----------------|
| (1) Debashish Dutta | (2) Dev Anand  |
| (3) Dilip Kumar     | (4) Anita Nair |

24. Herbicides are chemicals which control

- |               |             |
|---------------|-------------|
| (1) bacteria  | (2) insects |
| (3) nematodes | (4) weeds   |

25. Which of the following is a classical dance form of Andhra Pradesh ?

- |                 |               |
|-----------------|---------------|
| (1) Kathakali   | (2) Kuchipudi |
| (3) Mohiniattam | (4) Odissi    |

26. "Operation Black Board" refers to providing schools with
- (1) enough number of black boards
  - (2) new type of black boards
  - (3) training for using new type of black boards
  - (4) all essential learning materials
27. Which of the following crops helps in nitrogen fixation ?
- (1) Beans
  - (2) Maize
  - (3) Rice
  - (4) Wheat
28. Lens system used in a microscope is
- (1) Plain lens
  - (2) Concave lens
  - (3) Convex lens
  - (4) Concave, convex lens
29. Which scientist discovered the radioactive element radium ?
- (1) Albert Einstein
  - (2) Benjamin Franklin
  - (3) Isaac Newton
  - (4) Marie Curie
30. Three candidates contested an election and received 1,136; 7,636; 11,628 votes respectively. What percentage of the total votes the winning candidate get ?
- (1) 57 %
  - (2) 48 %
  - (3) 66 %
  - (4) 75 %
31. Of the total surface area of the earth, the area occupied by oceans constitute
- (1) 90 %
  - (2) 81 %
  - (3) 61 %
  - (4) 71 %
32. As per the preliminary results of Census 2011, which following districts of Karnataka have the highest population ?
- (1) Bangalore Urban and Dharwad districts
  - (2) Bangalore Urban and Mysore districts
  - (3) Bangalore Urban and Belgaum districts
  - (4) Bangalore Urban and Bangalore Rural districts
33. Blue Revolution is related to which of the following ?
- (1) Oil production
  - (2) Milk production
  - (3) Fish production
  - (4) Sheep production

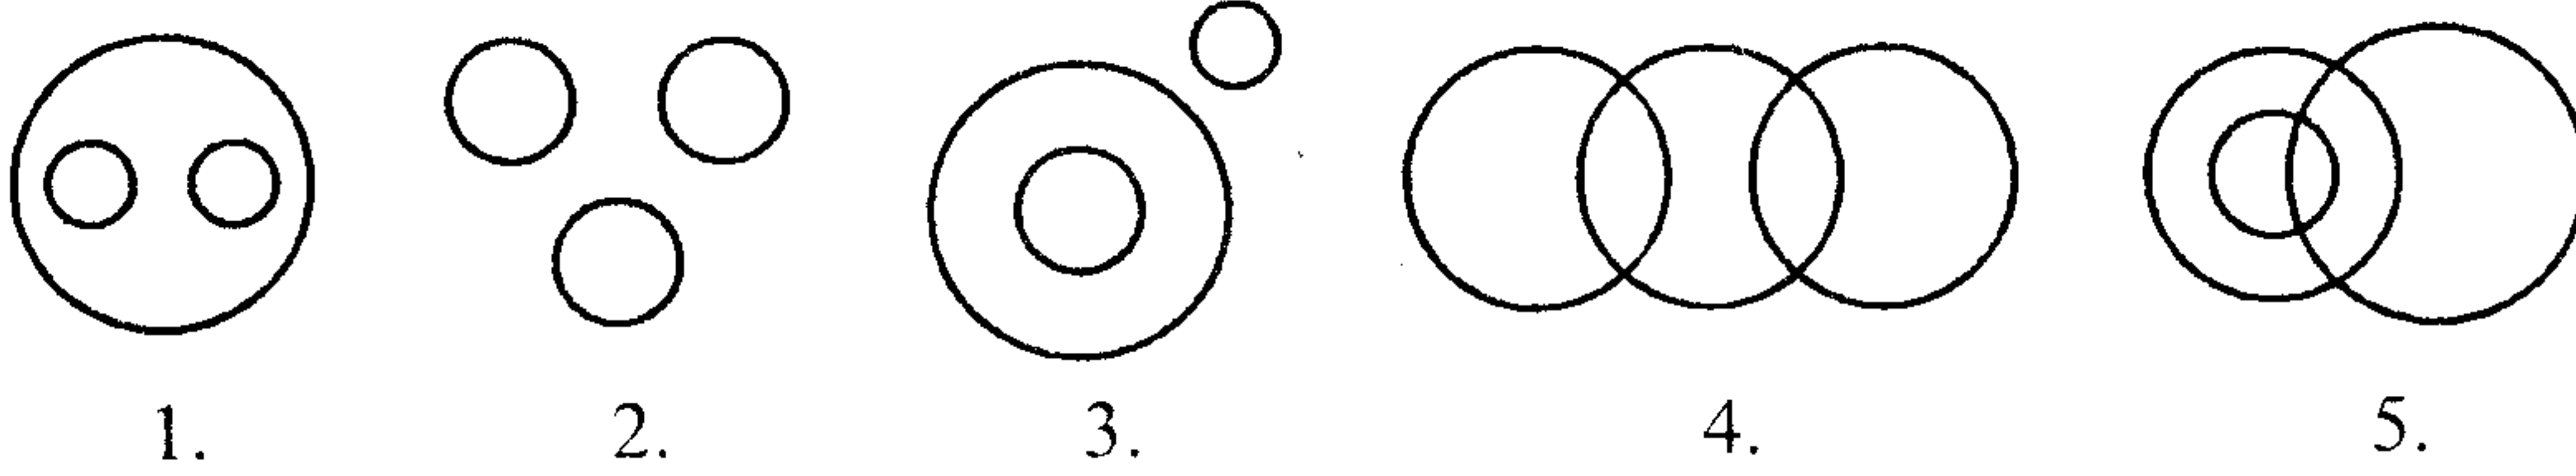

34. Freud considered ego as individual's
- |                       |                     |
|-----------------------|---------------------|
| (1) social self       | (2) moral self      |
| (3) unconscious force | (4) uncultured self |
35. Id consists of crude mental forces of mostly this region
- |                   |                   |
|-------------------|-------------------|
| (1) conscious     | (2) unconscious   |
| (3) pre-conscious | (4) sub-conscious |
36. Mental health is a state of
- (1) harmony and happiness
  - (2) intellectual capability
  - (3) being free from mental illness
  - (4) emotional and psychological well-being
37. When an individual is able to use his or her cognitive and emotional capabilities to function in everyday life at home and in society, he is said to be
- |                        |                          |
|------------------------|--------------------------|
| (1) mentally healthy   | (2) physically healthy   |
| (3) mentally effective | (4) physically efficient |
38. Connectionist laws of learning were first enunciated by
- |                 |                    |
|-----------------|--------------------|
| (1) Ivan Pavlov | (2) L.L. Thurstone |
| (3) J.B. Watson | (4) E.L. Thorndike |
39. The infant's learn motor movements changing gradually from
- |                          |                          |
|--------------------------|--------------------------|
| (1) refined to general   | (2) general to refined   |
| (3) refined to reflexive | (4) general to reflexive |
40. Experimental method enables the researcher to design an experiment to
- |                         |                              |
|-------------------------|------------------------------|
| (1) reject a hypothesis | (2) verify hypothesis        |
| (3) accept a hypothesis | (4) make data based decision |
41. Case study makes a deep study of individual cases of learners or a group of learners collecting data from
- |                                  |                                    |
|----------------------------------|------------------------------------|
| (1) archival or old records      | (2) observational or fresh records |
| (3) one or more possible methods | (4) experiments                    |

42. In a group of children of the same age, intelligence is
- |                          |                                  |
|--------------------------|----------------------------------|
| (1) the same for all     | (2) normally distributed         |
| (3) unrelated to the age | (4) related to height and weight |
43. A partially deaf child lags behind normal child of the same age in correct pronunciation and required vocabulary. This is a case of
- |                       |                        |
|-----------------------|------------------------|
| (1) under-development | (2) lower intelligence |
| (3) inadequate growth | (4) under-nourishment  |
44. The following is not a name of a stage of cognitive development in Piaget's theory :
- |                        |                          |
|------------------------|--------------------------|
| (1) formal-operational | (2) concrete-operational |
| (3) preoperational     | (4) adolescence          |
45. Learning as a process is most closely associated with
- |                        |                       |
|------------------------|-----------------------|
| (1) teacher behaviour  | (2) learner behaviour |
| (3) parental behaviour | (4) peer behaviour    |
46. Operant conditioning approach to teaching and learning was first developed by
- |                    |                  |
|--------------------|------------------|
| (1) Jean Piaget    | (2) L.M. Terman  |
| (3) E.L. Thorndike | (4) B.F. Skinner |
47. Educational Psychology is a branch of Psychology concerned with the learning processes and psychological issues associated with the learning and
- |               |              |
|---------------|--------------|
| (1) schooling | (2) growing  |
| (3) testing   | (4) teaching |
48. In 1910, Edward Lee Thorndike founded
- |                                          |
|------------------------------------------|
| (1) Educational and Psychological Review |
| (2) Journal of Clinical Psychology       |
| (3) German Education Review              |
| (4) Journal of Educational Psychology    |
49. The mental age (in years) of different children aged 8 years is
- |                                   |                            |
|-----------------------------------|----------------------------|
| (1) always eight                  | (2) never eight            |
| (3) less, equal to or above eight | (4) always less than eight |

50. The theory of operant conditioning approach involved
- |                           |                         |
|---------------------------|-------------------------|
| (1) stimulus conditioning | (2) reward conditioning |
| (3) response conditioning | (4) learning repetition |
51. Motivation to begin learning can be best done by giving
- |               |                 |
|---------------|-----------------|
| (1) reward    | (2) freedom     |
| (3) incentive | (4) opportunity |
52. Giving grades or a star for learning is an example of
- |                            |                           |
|----------------------------|---------------------------|
| (1) external motivation    | (2) intrinsic motivation  |
| (3) traditional motivation | (4) artificial motivation |
53. Motivation of students means to encourage their
- |                      |                         |
|----------------------|-------------------------|
| (1) inner resources  | (2) spirit self-help    |
| (3) attitude to work | (4) sense of neutrality |
54. Social learning theories of motivation are integrations of two approaches :
- |                               |                                |
|-------------------------------|--------------------------------|
| (1) Behavioural and cognitive | (2) Humanistic and behavioural |
| (3) Humanistic and clinical   | (4) Cognitive and educational  |
55. The child, over the growing years, undergoes changes and becomes an adult individual. The age-wise changes in body are a part of
- |                        |                             |
|------------------------|-----------------------------|
| (1) normal development | (2) exceptional development |
| (3) uneven growth      | (4) abnormal development    |
56. Skinner demonstrated that pleasant consequences following an action may serve as
- |                    |                   |
|--------------------|-------------------|
| (1) punishment     | (2) reinforcement |
| (3) discouragement | (4) rejection     |
57. Teachers can monitor student towards desirable learning habits effectively by
- |                                  |                                        |
|----------------------------------|----------------------------------------|
| (1) increased learning occasions | (2) reporting to parents               |
| (3) repetitive drill             | (4) grades and incentives for learning |
58. Differently aged children differ in their ability to organize information. This is mostly due to
- |                               |                             |
|-------------------------------|-----------------------------|
| (1) environmental influence   | (2) developmental influence |
| (3) innate ability difference | (4) teaching influence      |

59. Intelligence is made up of a number of individual abilities. This is to view intelligence as  
 (1) unitary ability (2) synthesis of abilities  
 (3) a group of abilities (4) multiple groups of abilities
60. Clear sexual differentiation in body form and functioning is a typical end product of  
 (1) better nourishment (2) physical development  
 (3) growth in height (4) increase in weight
61. Boys getting a hoarse or rough voice quality is a typical feature of  
 (1) physical development (2) mental development  
 (3) physical growth (4) mental growth
62. In the process of physical development, the child first gains control of  
 (1) the head (2) the arms  
 (3) the legs (4) the lower limbs
63. Children must mature to a certain point before they can progress to new skills. This maturity point is known as  
 (1) capability (2) readiness  
 (3) dynamism (4) perception
64. Development in children proceeds keeping a common pattern  
 (1) in any order  
 (2) in sequential order typical to each child  
 (3) from simple to complex order  
 (4) complex to simple
65. Children of the same age differ in their ability to learn or in the level of performance. In their ability range from low to high, their performance distribution is  
 (1) bell shaped curve (2) heaped at both ends  
 (3) clustered in the middle (4) heaped at high end
66. Children differ in the types of ability or learning subjects they can do well. Classifying children according to types of ability is  
 (1) differentiation (2) identification  
 (3) utilization (4) graduation
67. The capacity to learn from, or adapt to environment is  
 (1) judgement (2) maturity  
 (3) creativity (4) intelligence

Questions 68 and 69 :

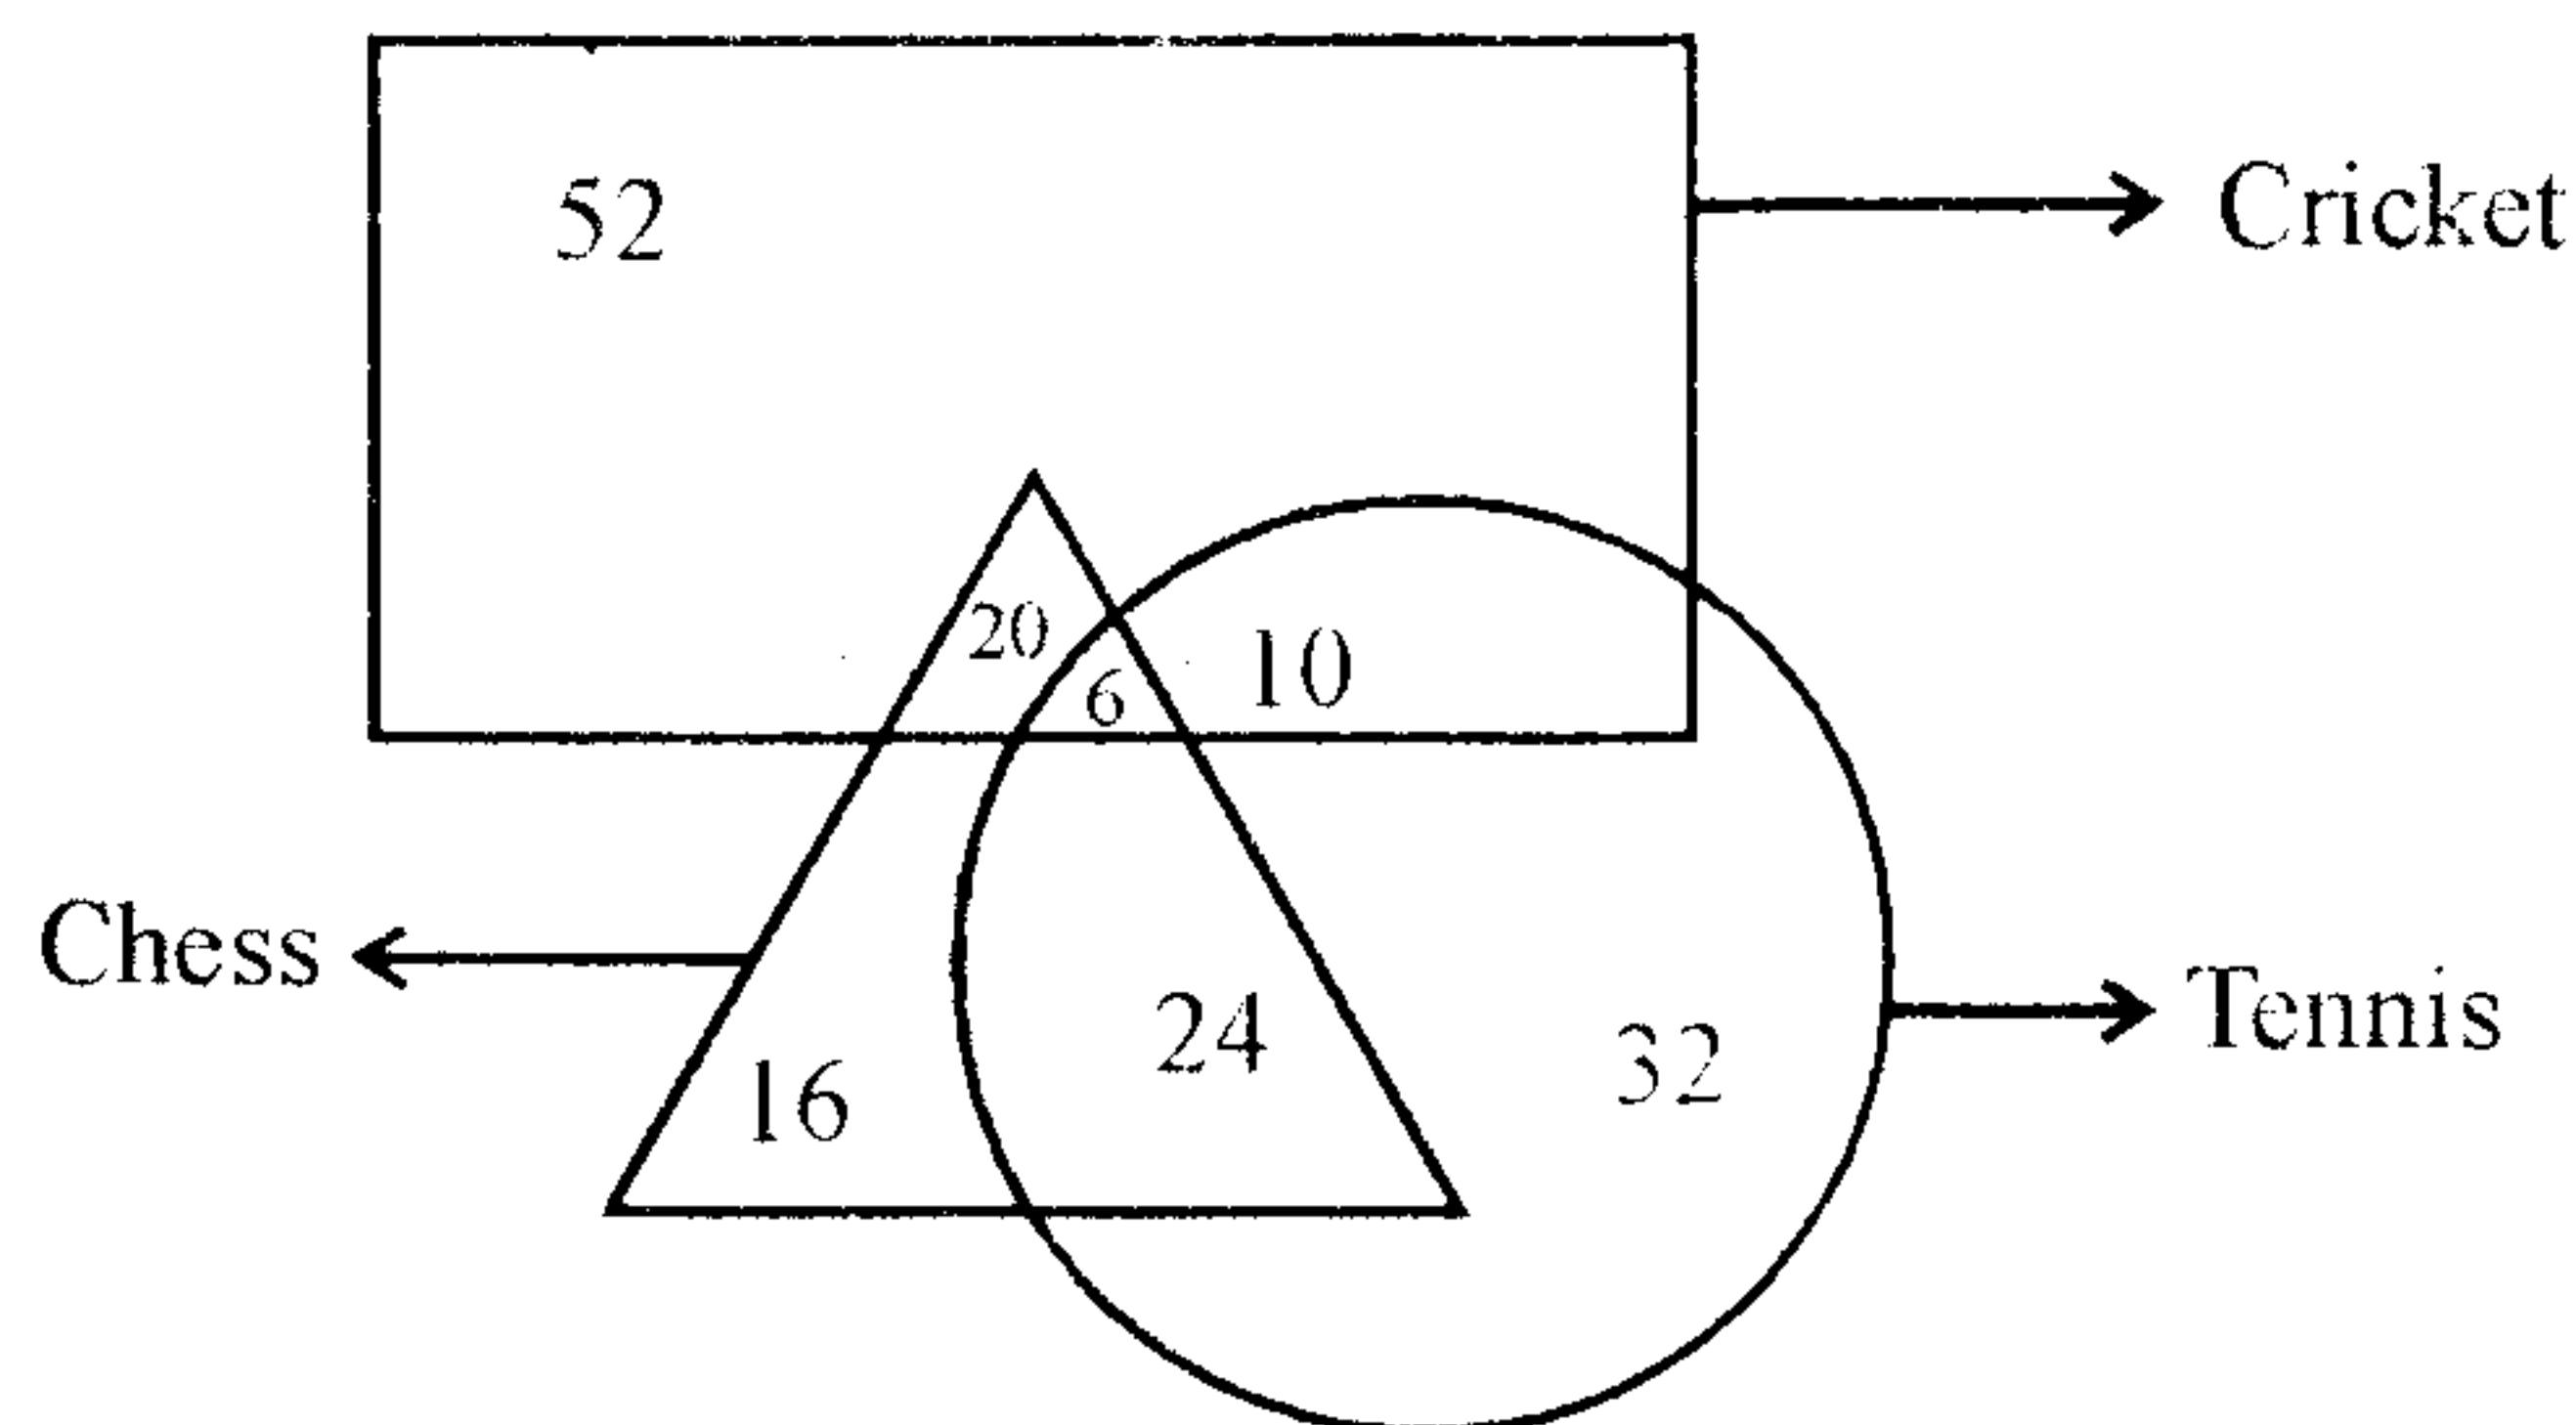

68. Fathers, Men, Engineers

- |       |       |
|-------|-------|
| (1) 2 | (2) 3 |
| (3) 4 | (4) 5 |

69. Fox, Carnivores, Deer

- |       |       |
|-------|-------|
| (1) 5 | (2) 4 |
| (3) 3 | (4) 2 |

Questions 70 – 71 : On a survey of 160 students, the intersecting diagram indicates the number of students who play Cricket, Tennis and Chess. If the population be 960,

70. The number of students who play both Cricket and Chess are

- |         |         |
|---------|---------|
| (1) 280 | (2) 250 |
| (3) 180 | (4) 175 |

71. The number of students who play all the three games are

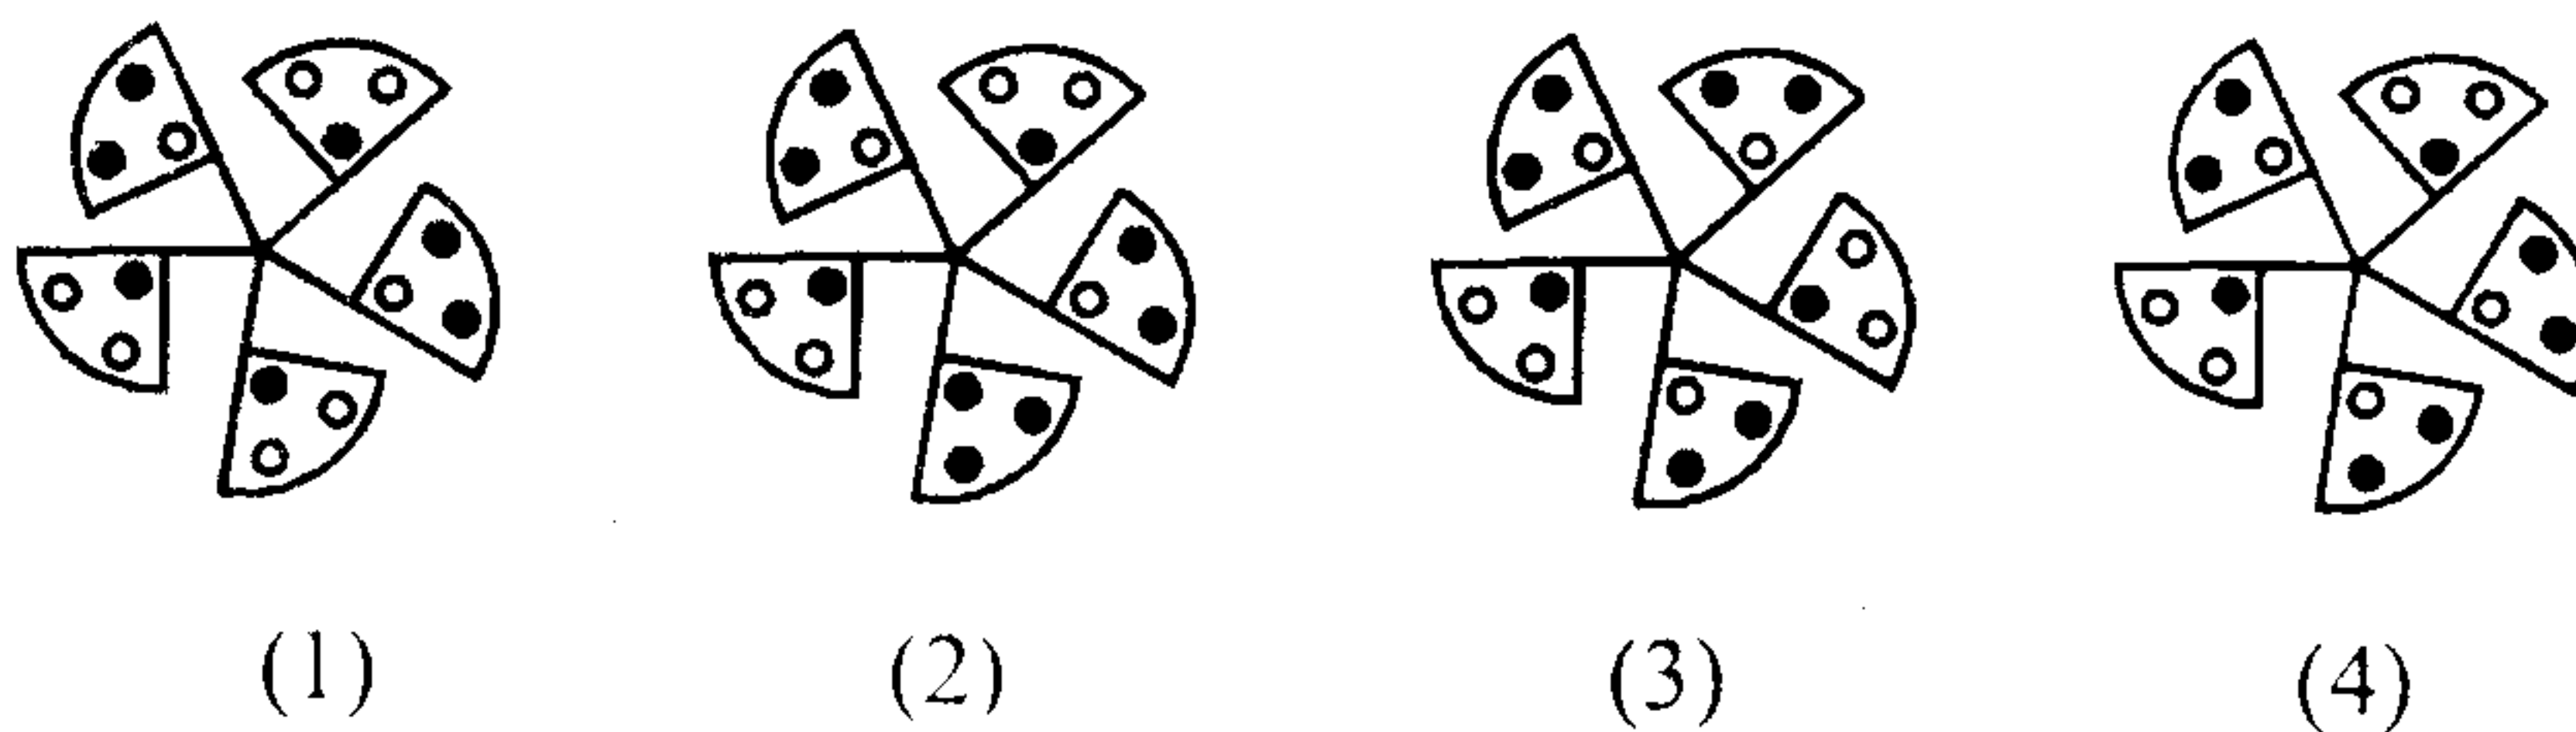

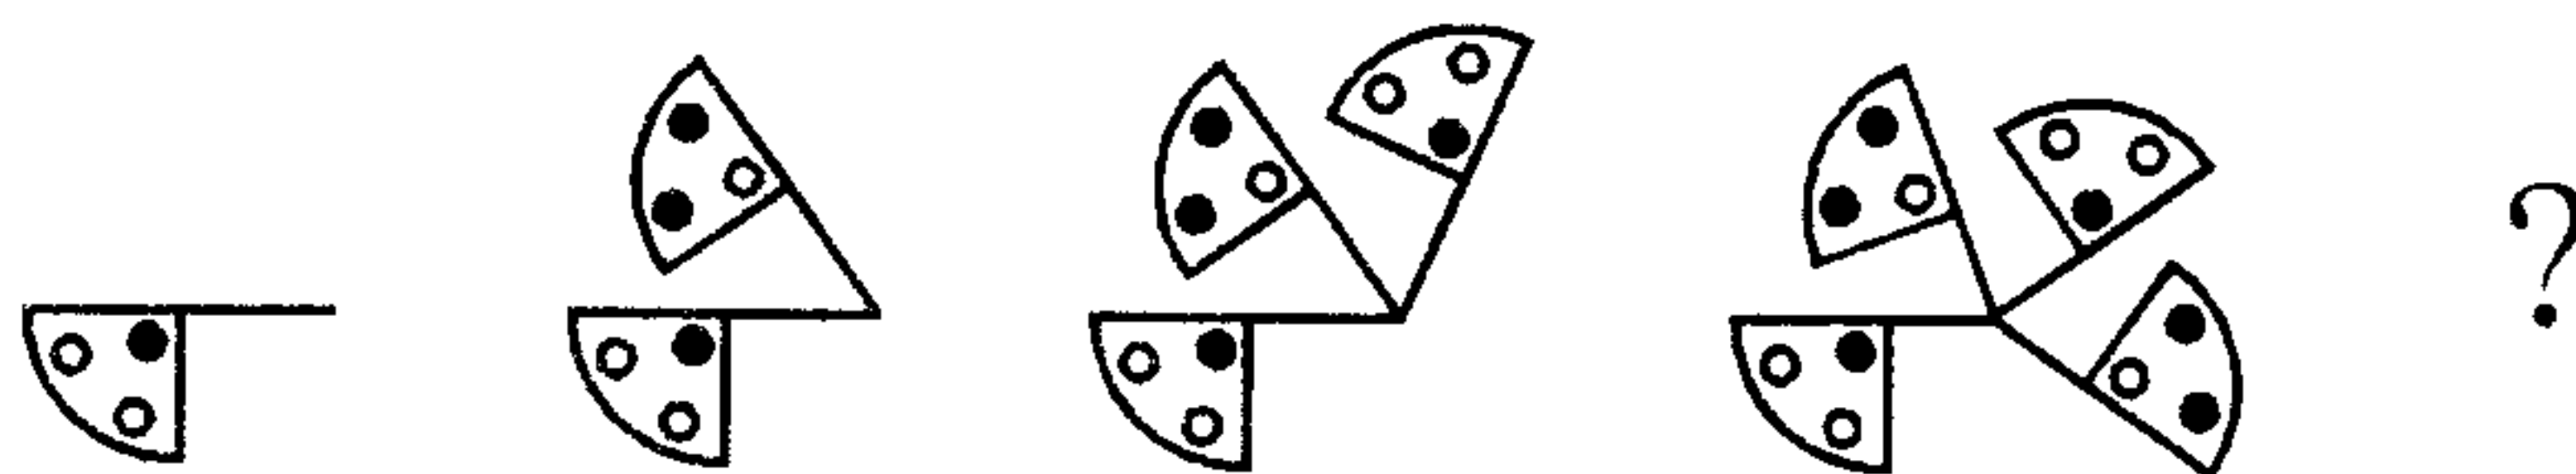

- |        |         |
|--------|---------|
| (1) 12 | (2) 30  |
| (3) 36 | (4) 360 |

72. Complete the figural series, choosing the correct figure from the given alternatives.

73. Find the correct mirror images for the following problem figures choosing from the alternatives.

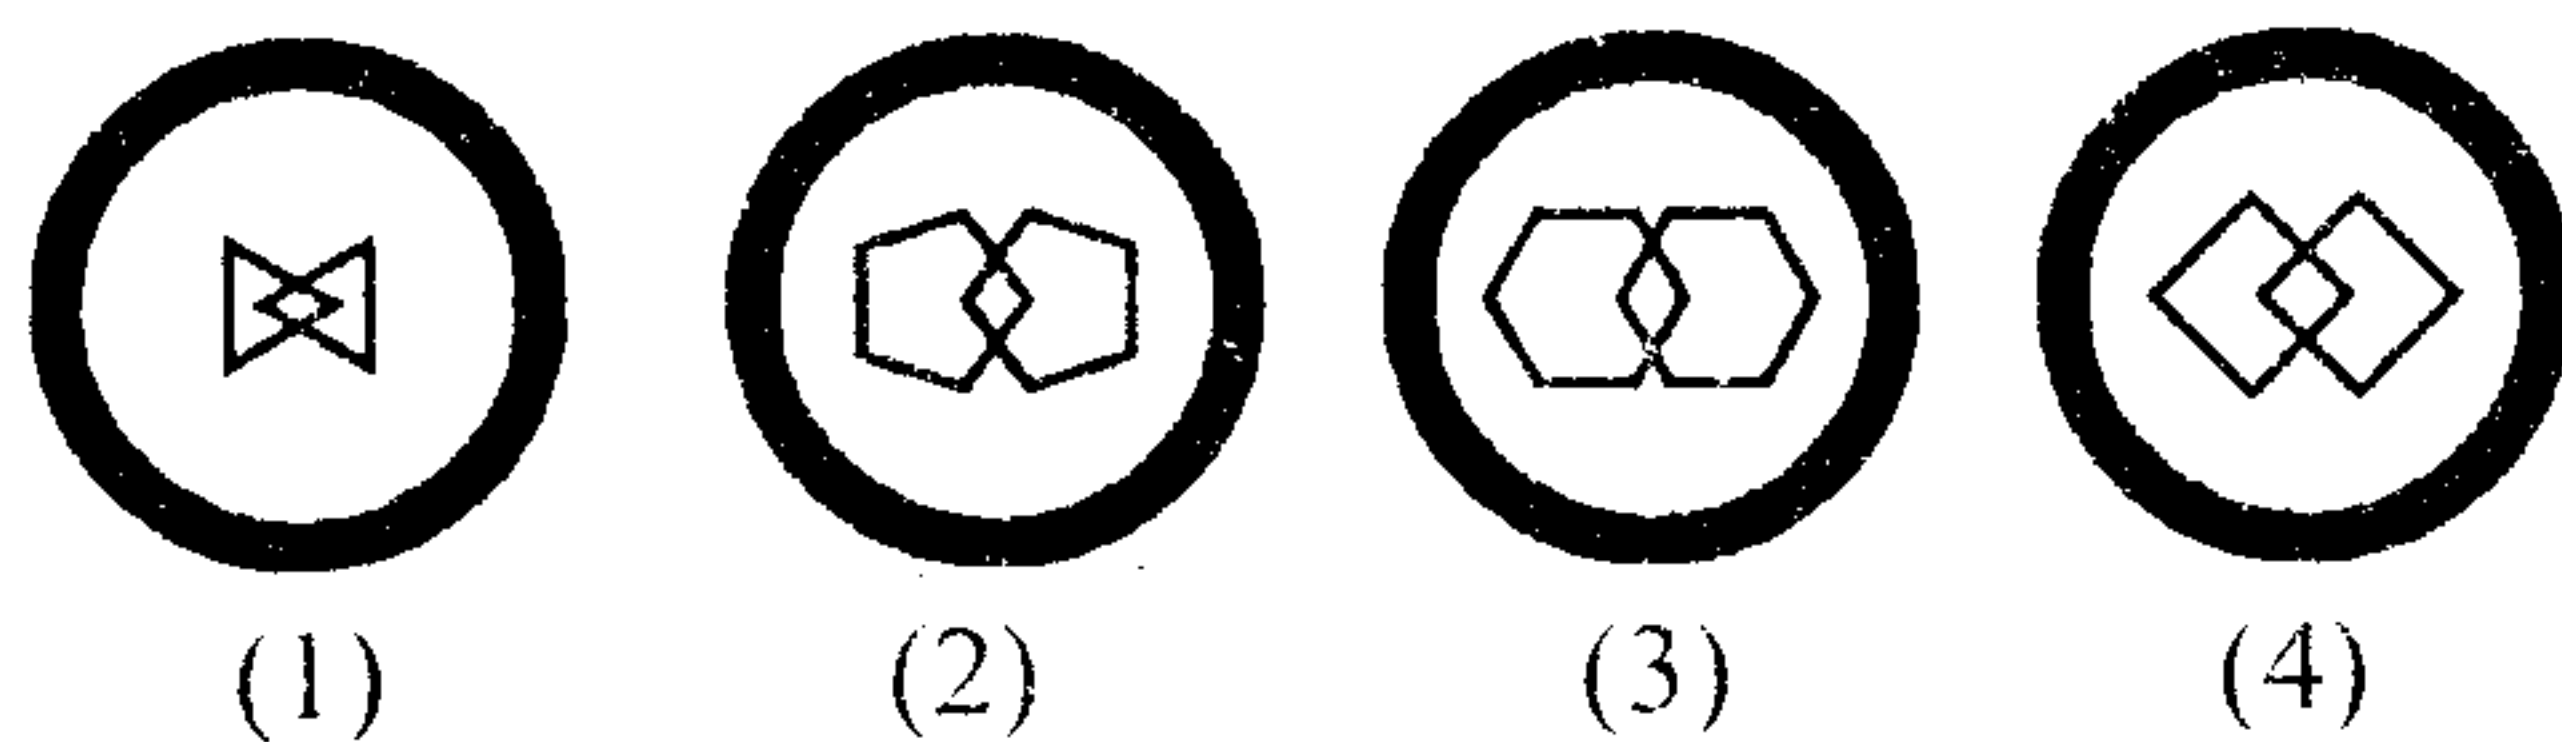

74. A group of 7 friends were made to stand in a row according to their height. Among them G is taller than A, but shorter than E, who is shorter than B. C is shorter than A, but taller than F, who is taller than D. Who is in the middle ?

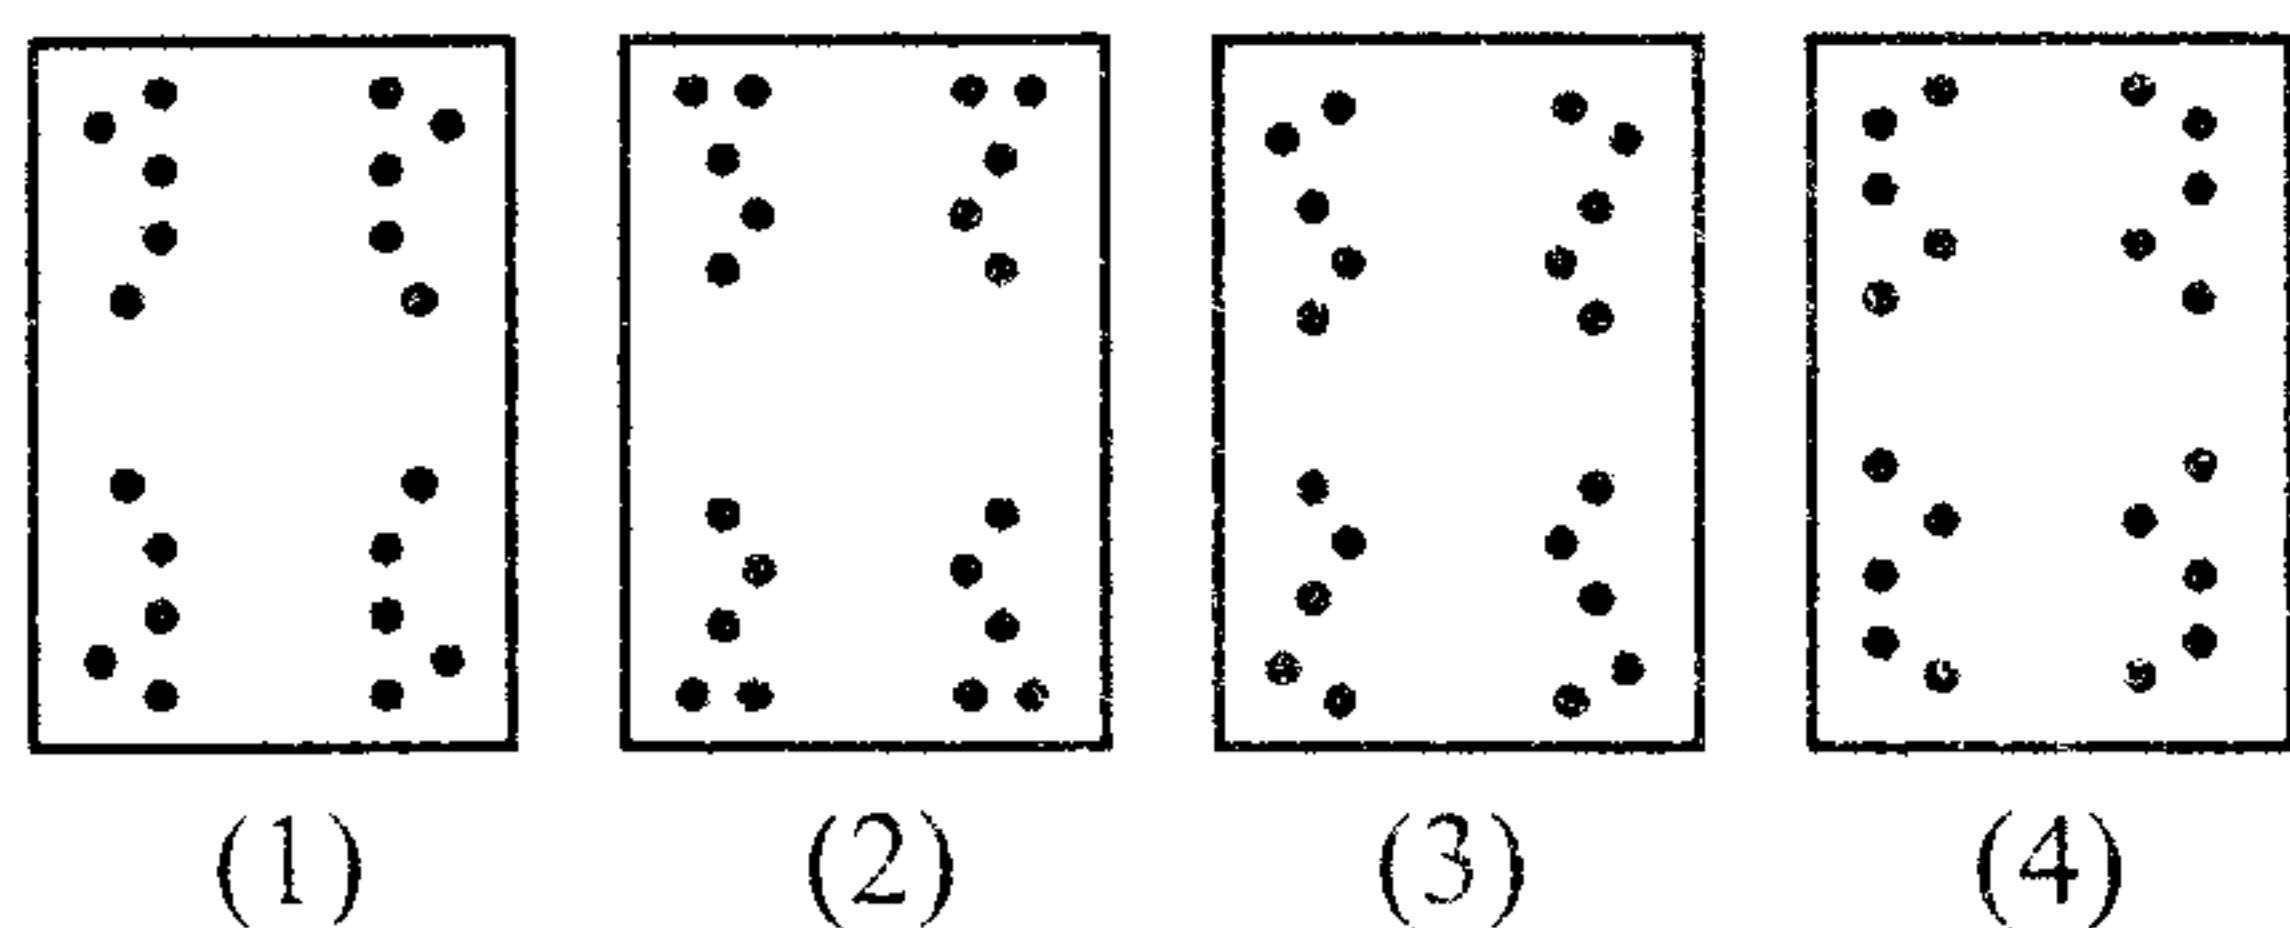

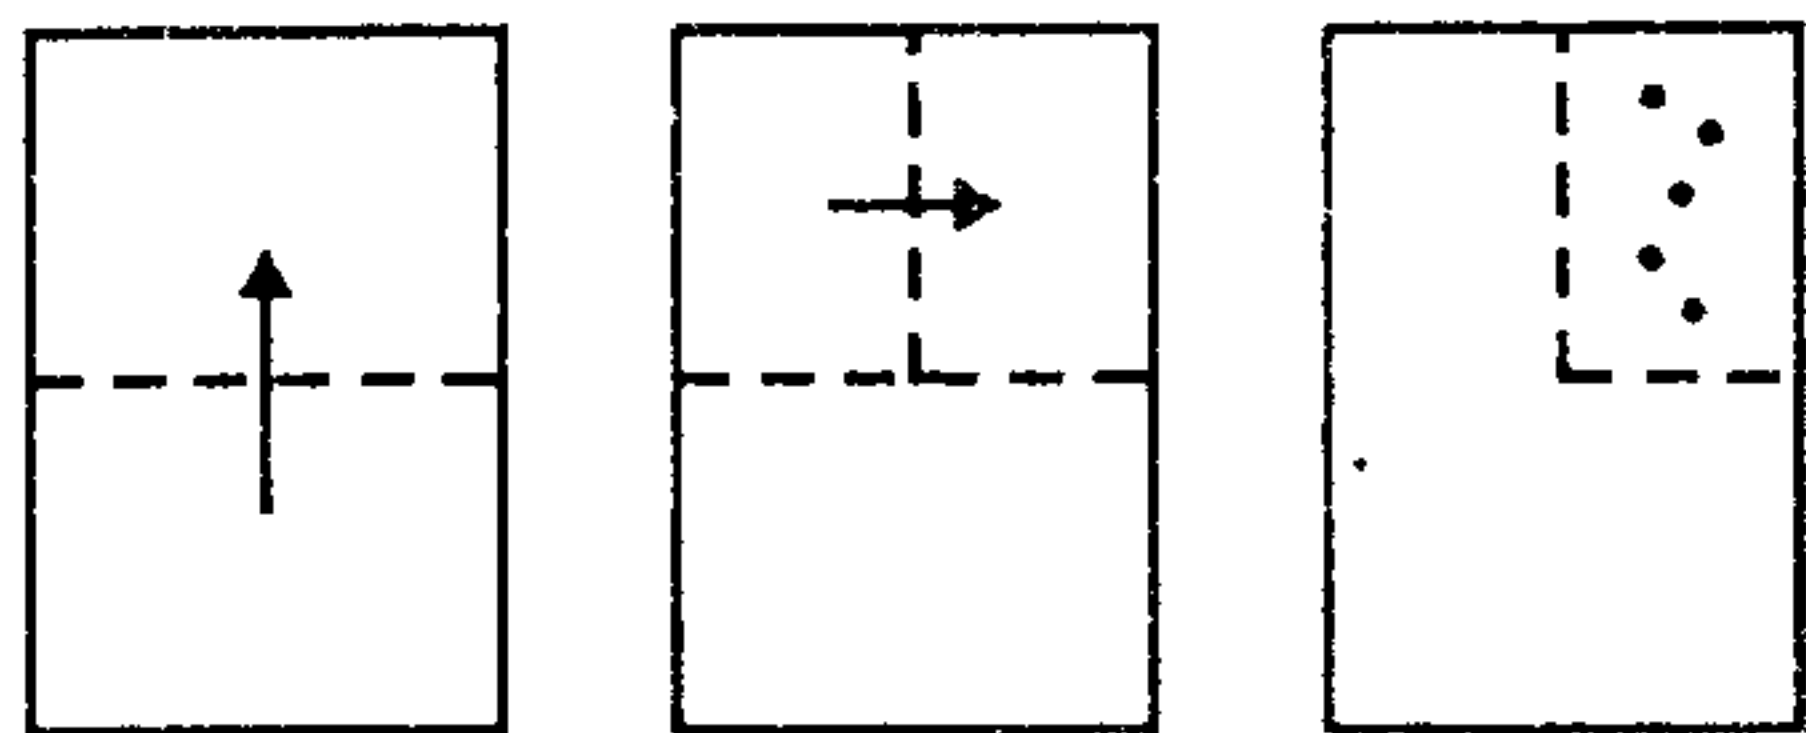

- |       |       |
|-------|-------|
| (1) G | (2) A |
| (3) D | (4) F |

Space For Rough Work

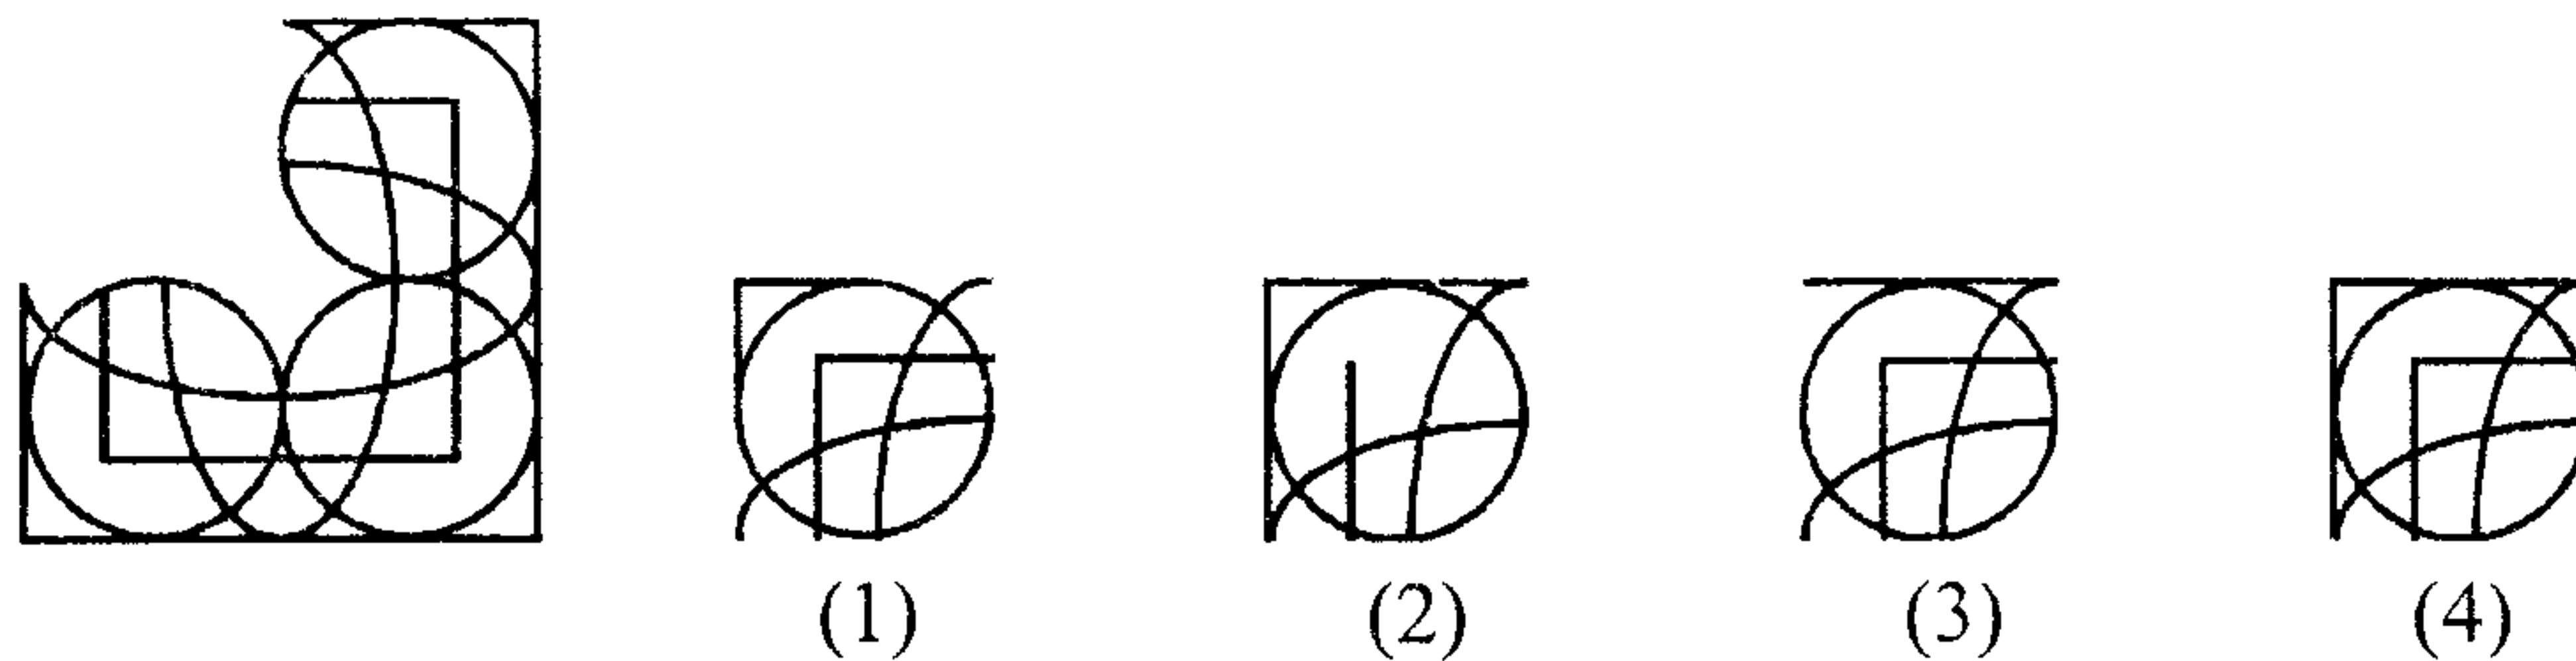

75. Complete the figural analogy, by choosing the figures from the given alternatives.

76. A sheet of paper in the given shape is folded as shown in figures. Then punched as shown by dots in the figure. Find how the paper appears when it is unfolded. Find the correct choice for the questions using the alternatives.

77. Find the missing part of the given figure from the alternatives.

Space For Rough Work

**Questions 78 – 79 :** Find the missing number in the given series.

78. 48, 36, ?, 18, 12, 8, 6, ?

(1) 14, 0

(2) 16, 8

(3) 26, 0

(4) 26, 6

79. 23, 29, 31, ?, 41, 43, 47

(1) 35

(2) 37

(3) 39

(4) 42

80. Identify the wrong number in the following series :

510, 254, 126, 64, 30, 14, 6

(1) 64

(2) 30

(3) 14

(4) 6

**Questions 81 – 82 :** Complete the Analogy by selecting the correct answers from the alternatives :

81. 11 : 222 :: 15 : ?

(1) 336

(2) 512

(3) 520

(4) 750

82. BENCH : Y V M X S :: TABLE : ?

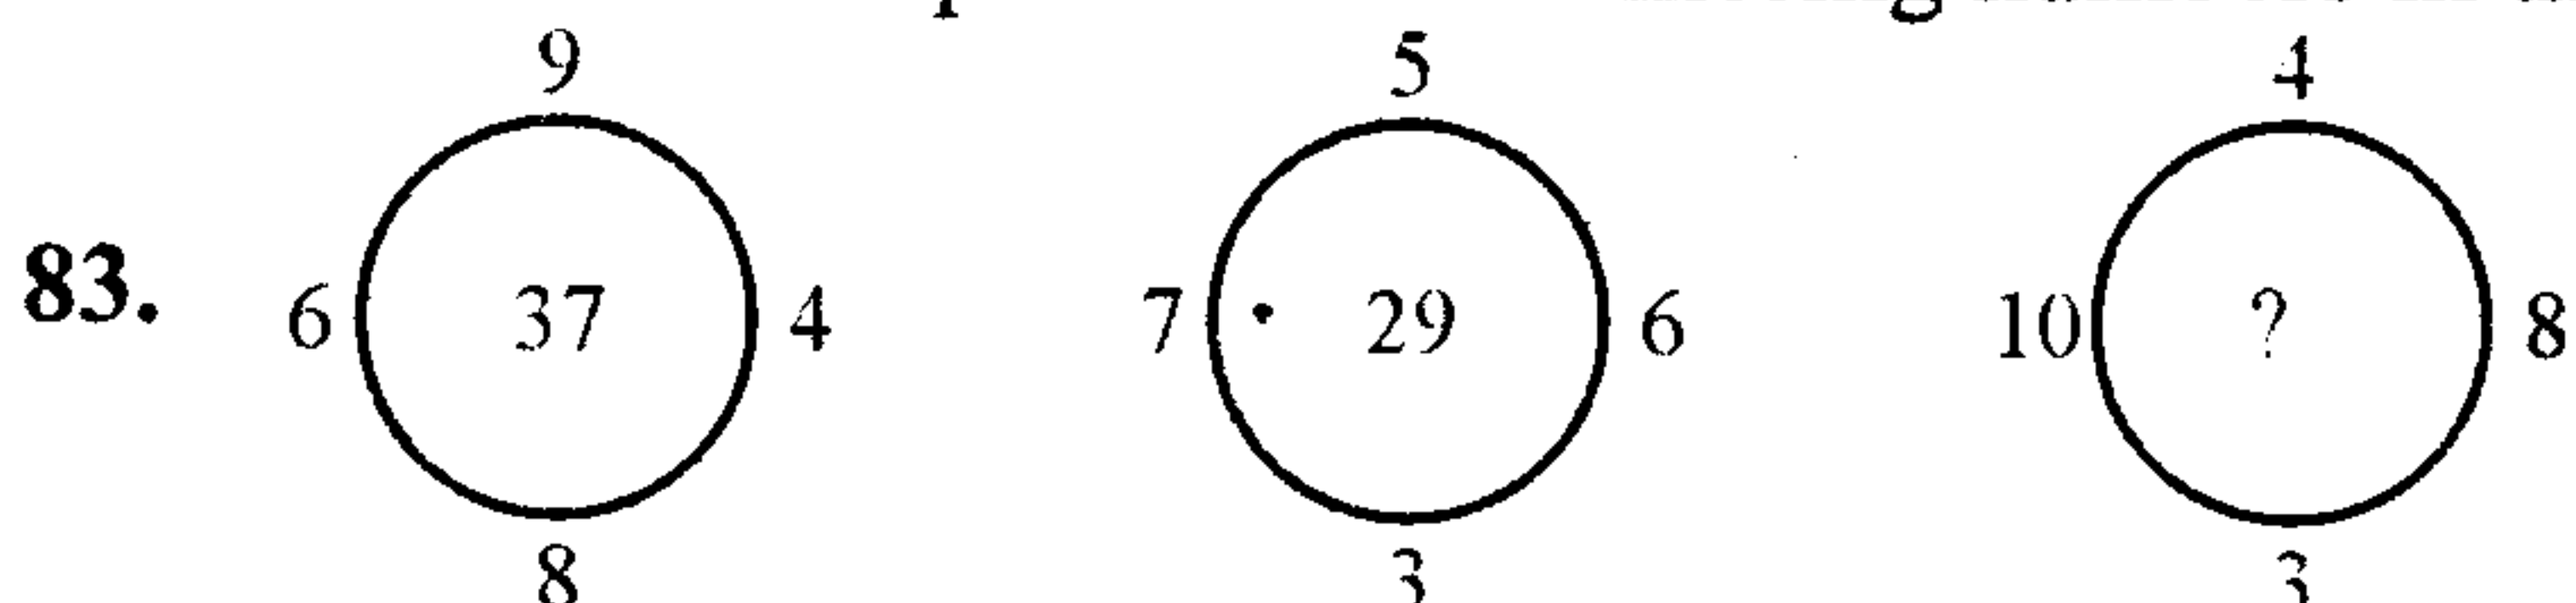

(1) G Z Y O V

(2) F Y X O U

(3) V O Y Z F

(4) Z G V O Y

**Questions 83 – 84 :** In the Questions below the numbers in the figures are related. Identify the relationship and find the missing numbers in the given figures.

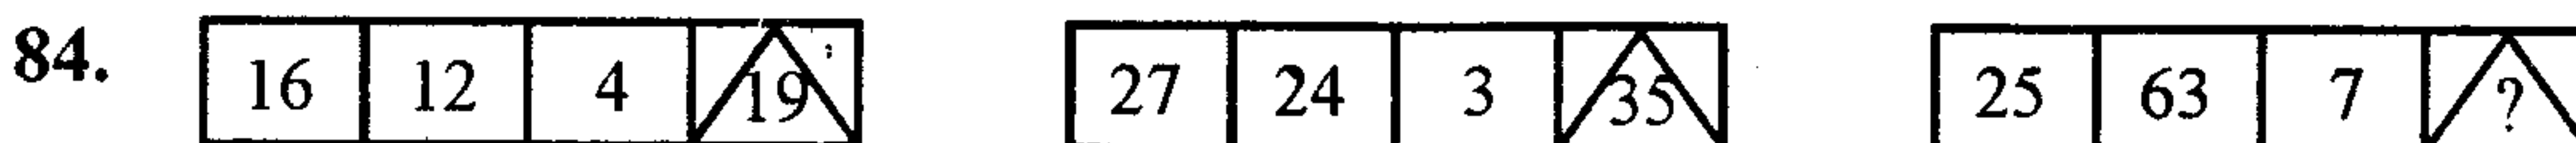

(1) 43

(2) 39

(3) 28

(4) 25

(1) 30

(2) 34

(3) 35

(4) 37

85. In the given equation find which of the following interchange of two numbers would make the equation correct.

$$12 - 3 \times 6 \div 2 = 8$$

- (1) 3 and 6 (2) 12 and 6  
(3) 6 and 2 (4) 3 and 2

86. Find the missing number in the following Matrices :

|    |    |    |
|----|----|----|
| 4  | 6  | 8  |
| 3  | 4  | 3  |
| 1  | 2  | ?  |
| 12 | 48 | 72 |

- (1) 2 (2) 3  
(3) 4 (4) 6

87. In the following square the numbers in the cell follow a rule, but one number does not follow the rule. Find the number which does not follow the rule.

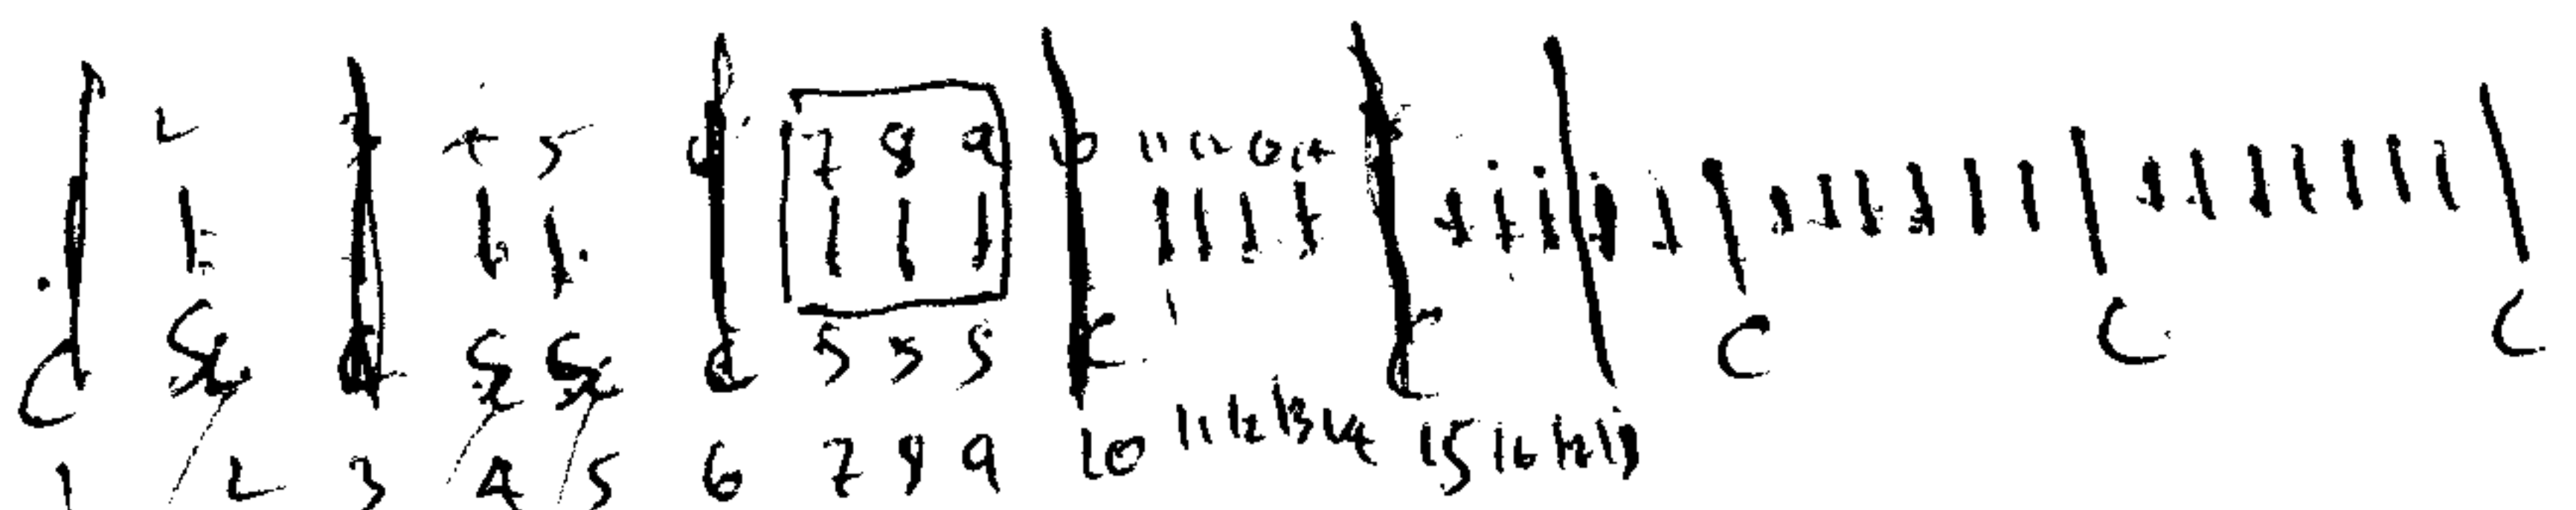

|    |    |    |
|----|----|----|
| 53 | 50 | 48 |
| 57 | 92 | 83 |
| 62 | 68 | 76 |

- (1) 68 (2) 76  
(3) 83 (4) 92

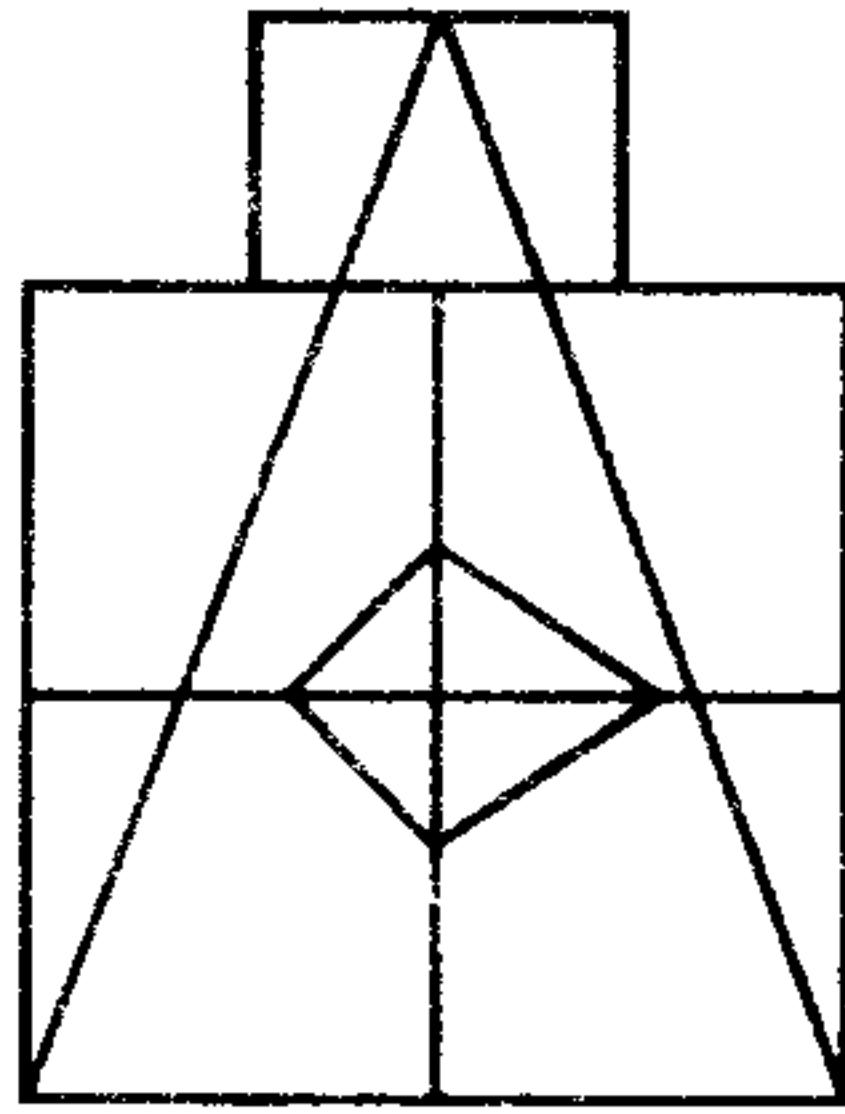

88. If  $\rightarrow$  means add,  $\leftarrow$  means subtract,  $\uparrow$  means divide,  $\downarrow$  means multiply, then the value of  $45 \uparrow 15 \rightarrow 15 \downarrow 4 \leftarrow 35$  is

- (1) 0 (2) 24  
(3) 28 (4) 30

89. How many triangles are there in the figure given below ?

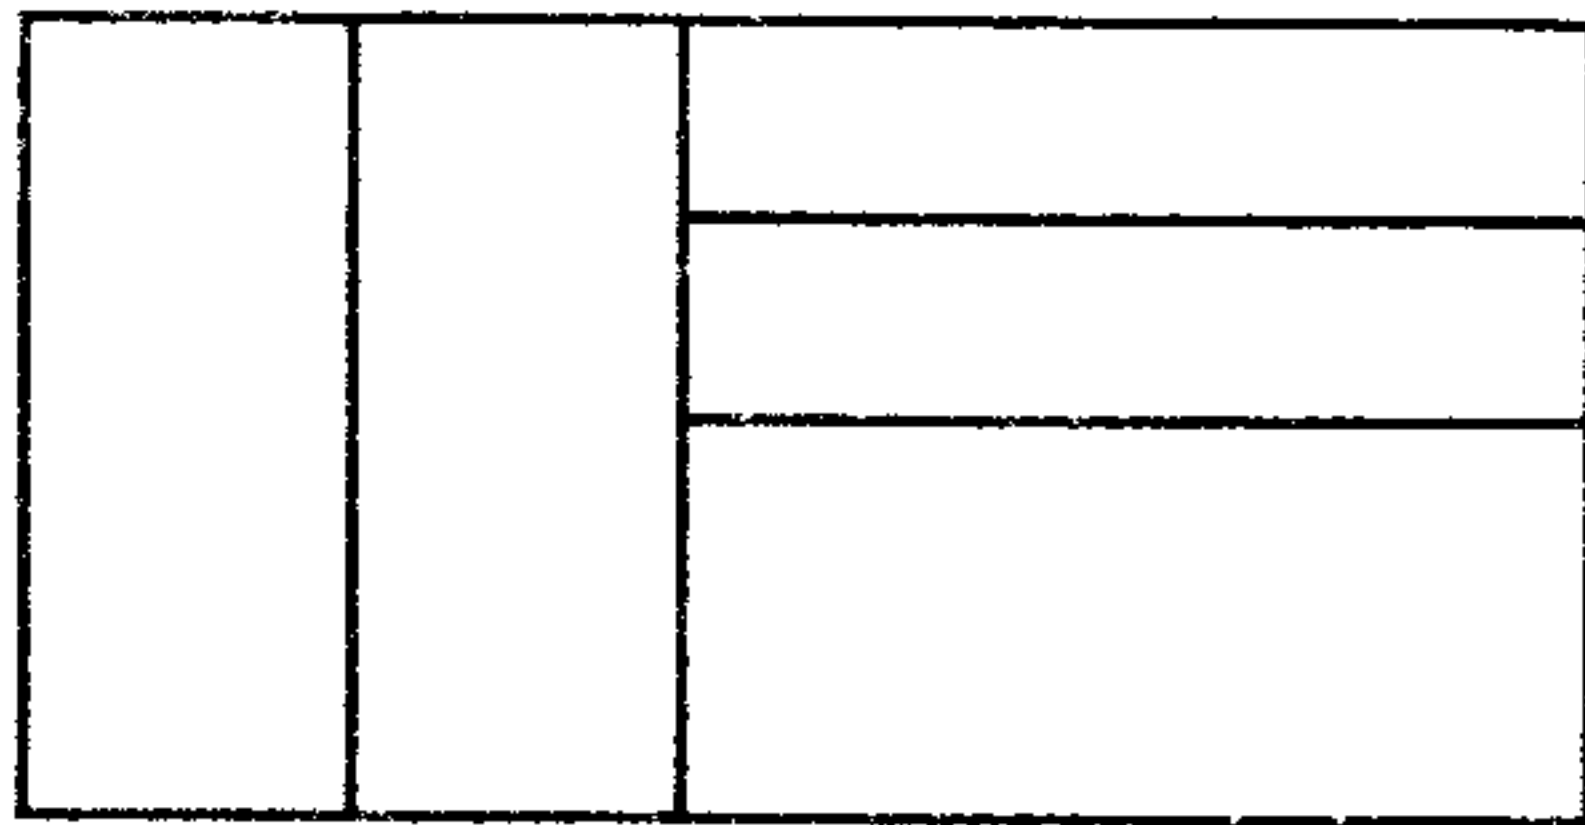

(1) 10

(2) 13

(3) 15

(4) 17

90. How many rectangles are there in the given figure ?

(1) 5

(2) 7

(3) 10

(4) 11

**Questions 91 – 92 :** Find the number among choices which has the same characteristics as found in the problems.

91. 92, 146, 227, 326

(1) 156

(2) 236

(3) 336

(4) 406

92. 842, 623, 422, 313

(1) 111

(2) 121

(3) 412

(4) 633

93. Which of the following will come next ?

6 C 7, 8 F 10, 11 J 14, 15 O 19, ?

(1) 25 U 20

(2) 20 U 25

(3) 19 U 20

(4) 19 V 25

94. How many even numbers are there in the following sequence of numbers which are immediately followed by an odd number as well as immediately preceded by an even number ?

8 6 7 6 8 9 3 2 7 5 3 4 2 2 3 5 5 2 2 8 1 1 9

- (1) 2 (2) 4  
(3) 5 (4) 6

95. Ramya was married on 16<sup>th</sup> day after her engagement. The marriage was on Sunday. On what day was Ramya engaged ?

- (1) Friday (2) Monday  
(3) Thursday (4) Wednesday

96. A man walks 40 mtr towards South. He turns to his right and walks 40 mtr. Then turning to his left walks 30 mtr. Finally he walks 40 mtr towards East. How far is he from the starting point ?

- (1) 70 mtr (2) 60 mtr  
(3) 50 mtr (4) 40 mtr

97. There are 36 vehicles parked in parking lot in a single row. After the first cycle there is one scooter. After the second cycle there are two scooters. After the third cycle there are three scooters and so on. Find the number of scooters in the first half of the row.

- (1) 11 (2) 12  
(3) 13 (4) 15

98. JOE, KRJ, LUO, MXT, ?

- (1) MZY (2) NAY  
(3) NZY (4) PZE

99. In a code language ENGLISH is written as G Q K Q G P D. In the same code KANNADA can be written as

- (1) NRDZSAW (2) MDRZSWA  
(3) AWSZRDN (4) MDRSZAW

100. In a code language MUMBAI is written as 252461 and RANCHI as 367981 and in the same code RAICHUR can be written as

- (1) 461594 (2) 361953  
(3) 361985 (4) 416589
